

KOSTAS APARTMENTS 1 & 2

At the entrance to the harbour Kostas 1 is situated in the upper part of a traditional Symiot house, and is ideal for those who cannot cope with too many steps, as it is just one flight of steps up off the harbour road. The apartment has 1 bedroom, and is suitable for 2-3 people

The entrance is up steps at the side of the house and along a small terrace through double doors into a small courtyard. The kitchen is adjacent to the entrance door.

A very nice shower room is situated in the courtyard

As you enter the hallway on your left is a bedroom with two single beds. The bedroom overlooks the courtyard.

There are chairs in the hallway to relax. The hallway leads into a light airy salon with views over the entrance to the harbour

Leading out from the salon is a balcony to sit and enjoy the breathtaking views across the harbour to the bay of Nimborios and the island of Nimos

Kostas 2 which is next to **Kostas 1** is the same size of accommodation with a slightly different layout.
